

2024-25

Courtroom Artist Competition

The Courtroom Artist Competition allows artistically talented high school aged students the opportunity to participate in the Mock Trial program and show off their talent. Students will attend high school mock trial rounds in January and submit the best drawing for the judging panel. The top 8 artists will move on to the State Tournament in March and the champion will have the opportunity to participate at the National High School Mock Trial Competitions in May. Nationals will be held in Phoenix, Arizona for 2025.

Students do not need to have a mock trial team at their high school to enter the competition, however, they will need a teacher/admin/parent contact listed below. Assigned schedules will be sent in December. Please refer to the MSBA Mock Trial Rules of Competition for additional information.
